Don,

This shall constitute WVDEP approval of the January 24, 2014, 6:15 p.m. Freedom Industries, Inc. Request For Water Management Approval. The approval granted here is for the request stated below. Any revisions to this plan should be submitted in writing for approval before implementation.

*Freedom is requesting approval to withdraw water from the Elk River for use as a diluent with Glycerin. The water will be withdrawn from the River, from our normal River water intake. The water will be pumped into Tank No. 401 and mixed with Glycerin. The resultant mixture will then be pumped from Tank No. 401 into trucks for transport to our customers.*
